DEEPSCOUT

DeepScout

Data about your e-shop competitors in a few clicks

DeepScout is a technology startup that helps e-tailers acquire competitive data with a focus on speed, simplicity reliability. With advanced artificial intelligence, we provide businesses with data to optimize pricing and product assortment at a significantly lower cost than traditional solutions. DeepScout makes data-driven decision making accessible to e-tailers of all sizes, helping them stay ahead of the market at minimal cost.

Unique Selling Points:

- Data within 3 days without technical implementation.
- Advanced matching based on image similarity, product data, etc.
- Thanks to its simple scaling, DeepScout is suitable for small e-shops and large corporations.
- Possibility to follow any e-shop.
