DOLBITE

Our AI-powered app turns learning coding and digital skills into a personal epic adventure with levels, achievements and leaderboards.

Dolbite is an innovative way to learn new skills. The company uses gamification and personalized learning to offer users a structured learning program that is not only fun but also motivating.

Unique selling points:

- Personalised adventure: users experience a personalised epic story with levels and challenges customised by AI.
- AI-powered gamification: the app uses AI to turn learning programming and digital skills into a fun environment with rewards and competitions.
- Accessibility for all: Thanks to the freemium model, everyone has the opportunity to develop their skills in the digital world, regardless of their finances.
