AUTOPAY

Dozens of car payments, one app.

The Autoplatba service allows you to comprehensively deal with all car-related payments. The user will have a consistent experience when making a payment.

A service that allows you to comprehensively handle all payments related to your car. The app will offer users a feature to make finding a parking space easier, alert them to parking in blue zones, speed up payment and also simplify entry/exit in barrier parking lots. It also includes features such as comparison of street and barrier prices, dynamic pricing, voice assistant control and loyalty programs.

Unique selling points:

- Paying car tax in one place
- Comparing services and prices for a car
- Automatic barrier opening even at the entrance
- Notification of presence in paid zones
