ANYWHERE.LEGAL

anywhere.

A tool to resolve cross-border legal cases quickly and efficiently.

Innovative solutions for managing and resolving cross-border legal cases with an emphasis on speed and efficiency. A key element of the platform is the involvement of AI, which simplifies processes by helping to create and refine legal case assignments, generate cost estimates and support communication over case-relevant documents.

Unique selling points:

- Global legal solutions in native language.
- A centralized platform for companies and attorneys.
- Unique cross-border case resolution.
- Solving legal cases anywhere in the world – With a network of over 400 lawyers, it offers efficient management and support in any country globally.
- Communication and case management in one platform.
