CHUTOO

AI educational assistant in your pocket for individuals with ADHD and dyslexia.

He’s the most patient teacher you can imagine. CHUTOO will do the hard part for you. He’ll organize the material from various sources into courses and microlessons, schedule the learning so you don’t get overwhelmed, and keep an eye on deadlines. An educational app on steroids.

Unique selling points:

- Creates microlessons based on uploaded material (text, book, PDF file or even a YouTube lecture).
- It will help you plan your learning and keep an eye on important deadlines.
- It teaches the user to the mark they need.
- It emphasizes understanding of the material and long-term retention of knowledge.
- It doesn’t overwhelm – just practice a few minutes a day and the more it is used, the more it adapts.
