TECHNOLOGY INCUBATION | CZECHINVEST

Technology Incubation

Innovative Startup Support Project

The project aims to find and support 270 innovative technology startups and develop the startup ecosystem in Czechia in progressive sectors.

What does it mean:

- Systematic support tailored to innovative technology startups
- Individual approach to each applicant
- Preincubation option: support for potential applicants, or help with application preparation, including those interested in starting their own company
- Support for corporate and academic spin-offs
- Cooperation with innovation centres across the whole country
- Opportunities for collaboration and partnership within thematic hubs for established companies, academia and the public sector

Thematic Hubs

- AI HUB
- ADVANCED TECH & MATERIALS HUB
- CREATIVE HUB
- ECOTECH HUB
- MOBILITY INNOVATION HUB
- SPACE HUB
- TECH4LIFE HUB

Services Provided in the Project

- Finance up to 5 million CZK (approx. EUR 200,000) for the purchase of services related to product development
- Mentoring and consulting for up to 2 years

Criteria for Granting Support

- Headquarters in Czechia
- Already established company
- Small and medium-sized enterprise
- Up to 3 years old (up to 5 years in justified cases)
- Innovativeness, feasibility and scalability
- Any financial support is granted in CZK
- Technological readiness – TRL3 and more
- Utilisation of funds for the disbursement of services according to the approved plan

2022–2028

CZK 758 mil
(approx. EUR 30,3 mil)

270 startups
